

Everything ~~but~~ and the kitchen sink!

Aire-Master sets you up with everything you need for dish sanitizing.

There are regulations and procedures to abide by when running a commercial kitchen. Whether you have a two or three-compartment sink, **Aire-Master** can set up an appropriate dish sanitation system for you. We will install a proportioning system for your detergent and sanitizer or simply utilize the one you already have. We'll help guide you through this process.

Because customers demand the best, we provide you the best in dish soaps and sanitizers to make your dishes sparkle and safe for use. And we'll make sure you never run out of dish soap and sanitizer again. Our concentrates save you money as well!

Aire-Master has the rest of your kitchen covered too. We have high-performance products to solve all your kitchen-cleaning challenges from floor cleaners, degreasers, paper products to fly control and more. We have the solution for you!

(See the back for details.)

NOTE: Sink sanitizer should be used for sanitizing all food surfaces such as: tables, counters, and kitchen appliances.

Aire-Master®

Aire-Master provides the **total** solution for your kitchen!

Step Safe

Effectively treat floors and protect against slips and falls. No additional equipment is needed for our concentrated, no-rinse formula and it's simple to use. Best of all, active grease-eating enzymes keep working long after floor is dry!

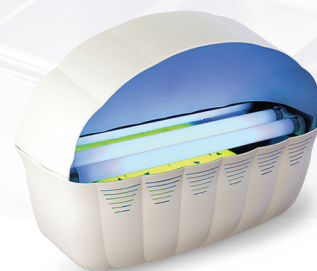

Blue Lagoon

Our liquid deodorant concentrate eliminates all types of odors on hard and soft surfaces. Contains citronella oil—a natural insect repellent. Use around doors, windows, trash areas, and more.

Super Degreaser

Perfect for ovens, stoves, and grills! This concentrate quickly removes grease, oil, wax, and dirt. Removes stains from floors and concrete. Also great for cleaning most water-washable surfaces.

Fly Control

Protect your customers with this safe and silent way of eliminating disease-carrying flies. Attractive design goes unnoticed. Meets all applicable USDA and FDA guidelines. Easy to clean and maintain!

► *We are your one-stop solution for your commercial kitchen!*

Aire-Master is your odor control and commercial-hygiene specialist. Other services include: odor control, cleaning, hand care, and paper. From kitchens to restrooms—we've got you covered!

"We tackle the tough stuff!"
