Surface Odor Solutions

Aire-Master's liquid deodorants neutralize odors and organic waste from smoking, sweat, blood, vomit, urine, feces, trash, pets, and more—no matter where they're embedded!

Blue Lagoon concentrated liquid deodorant attacks unpleasant odors at the source. Spray the diluted solution on floors, carpets, and fabrics or pour down drains to eliminate sewer odors. *Blue Lagoon* contains citronella, which helps repels insects when sprayed around doors, and trash dumpsters.

You're-N-Control bio/enzymatic liquid deodorant efficiently removes stains and odors. The enzymes in this ready-to-use solution eat away at organic materials on contact! Left behind is a clean surface with a light fragrance and no more pungent smell.

FLOORS

CARPETS

UPHOLSTERY

DRAINS

TRASH DUMPSTER

WINDOWS, DOORS

Specialty Treatments

Fly Solutions

- UV fly trapping systems
- Metered aerosol fly control spray

Restroom Add-ons

- Urinal screens and shields
- Urinal and commode floor mats

Room Fogger

Aire-Master's *Odor Neutralizing Fogger* attacks airborne odors and those embedded in fabrics, upholstery, and carpets in one simple application. Each can treats up to 6000 cubic feet leaving behind a clean linen fragrance.

Contact us today and see (and smell) the difference Aire-Master can make!
